Correcting the Corrector.

A subscriber has taken exception to the article in The Sun of February 12 date, under the caption "Donald MacLeod on the Floor of the House." The article quoted was taken from the Edmonton Journal, and is here given as it appeared in that newspaper:

"Mr. Lang's reference to education found a sympathetic echo in the heart of Donald MacLeod, U.F.A., Stony Plain. Revision of the School Act was most important, he maintained, in order that disadvantages for the country child in the matter of educational facilities might be remedied."

The Sun, Feb. 12, said—

"One of the dailies reports him (MacLeod) as saying that the revision of the School Act was most important, in order that disadvantages for the country child in the matter of educational facilities might be removed."

This subscriber will kindly note that the article in The Sun did not say did the article in the Edmonton Journal, say "that A REVISION OF THE SCHOOL ACT WAS THE MOST IMPORTANT MATTER BEFORE THE LEGISLATURE," as the misinformed subscriber claims.

Large Ratepayers Meet.

The annual meeting of large M.D. ratepayers was held on Saturday in the town hall, with Councillors McKinley, Akins, Francesy, Howat and Goetz present.

Ex-Councillor C. W. Ilson was in the chair, and Mr. C. Puder acted as secretary to the meeting. The councillors had a busy hour answering the queries presented by the ratepayers, among these being several from Duffield district who were quite insistent in having satisfactory answers to their questions.

When nominations were called for the following names were submitted:

Div. 1—W. Dropp and M. McKinley.

Div. 4—Councillor Francesy re-elected unanimously.

Div. 6—Peter Kulak and Reinhold Goetz.

Elections will take place in Divs. 1 and 6 on Sat. next, Feb. 28.

Following are some of the principal items on the Auditor's report—

Municipal assessment—Land, buildings and improvements—\$1,432,182.

Municipal sewage—178,613.

Municipal rate—28 mills.

Uncollected taxes, Dec. 31st, 1930—\$11,880.86.

Tax sale statement shows that 15 parcels were sold during 1930, for which \$2084 was received. The taxes on same at the time of sale amounted to \$13,290.20.

Labour only on public works cost \$33,832.14. (The Government grants toward same amounted to \$21,229.)

Estimated value of municipal equipment \$6036.

Balance of assets over liabilities \$15,290.42.

Administration expenses—\$3,566.63.

Ward Inspectors' fees \$454.30.

Number of parcels in Municipality 1931.

Rebate on Auto Licenses.

Every person in the province who has taken out a 1931 auto license will receive a \$5 rebate within the next two months. It comes about by reason of the straight \$5 reduction in such fees announced in the Legislature last week by Provincial Treasurer Reid during the course of his budget speech.

It will not be necessary for paid up motorists to make an application for this refund; and no correspondence will be entered into regarding this matter. The Provincial Secretary's office staff is at work now, mailing rebate checks to those entitled to them. It is expected this work will take two months to complete.

There are, approximately, 22,000 motorists who will benefit from this reduction; this being the number of those who had applied for and been awarded their 1931 license plates.

A Story of Fifty Years

"Montreal, February 16. Fifty years ago today incorporation of the Canadian Pacific Railway took place. George Stephen, afterwards Lord Mount Stephen, was the company's first president. The company deposited with the Dominion Government, at Ottawa, a cheque for \$1,000,000 as a guarantee that it would fulfill its contract to complete the railway to the Pacific Coast. This pledge was completed in five years instead of the ten the contract called for."

This brief but significant news dispatch appeared in the daily newspapers of Canada on February 16 last. It recalls an historic incident, a milestone in the history not only of Canada but of the world. It not only carries the mind back, but, because of all that backward glance discloses, it inevitably forces the mind forward to a contemplation of what the next fifty years may unfold. It impresses one with the tremendous developments and possibilities of a span of only fifty years.

Fifty years ago the project of a transcontinental railway across Canada was viewed with scepticism by thousands in Canada, and was regarded as the maddest kind of a venture in Great Britain. Men prominent in public affairs declared it would never earn its sale price. The country it was to traverse was described as a wilderness, partly desert, incapable of successful cultivation and settlement by white men, followed by miles of snow-capped mountain peaks and ranges.

That success rather than failure followed the great undertaking can be credited to a few stout-hearted, far-seeing men who were veritable giants in energy, resource, and grim, unbeatable determination. In some respects they were ruthless; their methods were not always above suspicion, but they had a vision and a driving force to achieve their goal regardless of any and all obstacles. Individually they staked their all on the success of the enterprise, obliterated the word "failure" from their lexicon, and won. Canada, the world, knows the result.

The railway made a new nation. It opened up an empire. It altered the trade routes of the world. It brought the Orient to the Occident, and the Occident to the Orient. The enterprise initiated fifty years ago by a new-born Dominion of a few millions of people, has changed the world. It has become the greatest transportation system in the world, with its fixed hands of steel not only crossing and criss-crossing Canada, and extending well into the United States, but with its vessels navigating the seven seas, calling at the ports of all nations, and circumnavigating the globe.

The Canadian Pacific Railway has helped to make Canada what it is. It has made the unmade Canadian Governments. The history of the Canadian Pacific is in part the history of modern Canada. The success of the railway has been bound up in the development, the prosperity, the success of this Dominion. The management of the railway has always recognized that fact, and it has been pro-Canadian at all times and in all its policies. It has made mistakes, of course; it has been selfish, even dictatorial at times, but it has always been magnificent.

The Canadian Pacific has been created and developed under the presidency of four men, Sir George Stephen (later Lord Mount Stephen), Sir William Van Horne, Sir Thomas (later Lord) Shaughnessy, and Mr. Edward W. Beatty. The history of the railway may likewise be divided into four periods, or possibly three as the first two merge into one. First the period of organization of the company, early financing, and actual construction under Stephen and Van Horne; second, the period of well organized, highly efficient operation under Shaughnessy, with well defined policies of branch line construction as feeders, opening new territory, and the establishment of mercantile fleets and overseas services; third, and coupled with a vigorous continuation of the Shaughnessy policies, what may be termed, in the absence of a better word, the diplomatic period under Beatty wherein up-to-date railroading has been strengthened by securing the goodwill, the admiration, the co-operation of the public generally, and the elimination of those feelings of suspicion and antagonism which undoubtedly marked the relations of the people and the railway in the earlier days.

And in the story of these fifty years is there not a lesson and an inspiration for the people of Canada? The railway had its periods of difficulty and depression, just as individuals and nations experience them, but it surmounted them. The makers of the Canadian Pacific did not shorten their vision to a year or two, or five or ten years; they looked into the future and planned and built with courage and confidence. They have had their reward. So, too, should the Canadian people maintain the forward look, act with courage and decision, remain confident. Canada has done great things in the past; it can do greater things in the years to come.

Honored By Italy

F. C. Elford, Appointed Member of Executive For Fifth World's Poultry Congress

F. C. Elford, Dominion Poultry Husbandman and Past President of the World's Poultry Science Association

tion, under whose auspices the World's Poultry Congress are held, has been signally honored by the government of Italy, who appointed him a member of the executive for the Fifth World's Poultry Congress which meets in Rome in 1931. Mr. Elford has also been asked to take charge of organization of the Canadian delegation to Rome. From present indications the next Congress will fully equal the success of last year at London, England.

Telephone In Canada

The estimated number of conversations by telephone in Canada during 1929 was 2,525,540,000, including 37,851,898 long distance calls. For every 100 of the population in that year there was an average of 15 telephone calls.

A Scientific Mystery

Source Of Cosmic Rays Not Yet Discovered

Discovery of cosmic rays in subatomic—the rays that penetrate about 100 feet into earth—is described in advance received at New York from Vienna.

The announcement is from Prof. E. Rutherford, president of the Chemical and Physical Society, and is sent to clear a misunderstanding about the report made recently to the society of Prof. Victor F. Hess, of the University of Graz.

Vienna dispatches had it that Professor Hess announced the discovery of cosmic rays and that his talk created a sensation among scientists.

But Prof. Rutherford pointed out that Dr. Hess did not claim to have discovered cosmic rays, which were found 16 years ago, but that he had evidence that a small percentage of these rays come from the sun.

Their origin has been one of the great unsolved mysteries. The fact that most electroscopes used to detect them showed no activity at night as in the day was held by some scientists to eliminate the sun as a source.

BREAKS UP GAS IN THE STOMACH

Don't suffer from dangerous gas passing around your heart, from nervous, acidity, bloating or pain of indigestion. Stop worrying. Whenever you need quick stomach relief, take a little Mucilax Magnesia—powder or tablets. It breaks up gas, neutralizes acids and keeps the stomach sweet and strong, and indigestion perfect. At all good drug stores.

Cancer Research

Ontario To Supply Free Treatment To Diabetics

Within the next two months, possibly before the present legislative session, the Ontario cabinet will make public the nature of the investigation into the cancer question to which it has committed itself. The cancer treatment, whatever it may be and whenever adopted, will be supplied free to sufferers, Premier George A. Healy stated.

Ontario led the way in the distribution of free insulin for diabetes treatment. It followed this with the manufacture of a free serum for combating infectious paratyphoid, and several other treatments for diseases are also available to the general public at cost. Now the government will make available, free, the cancer treatment that will eventually be adopted.

Should the government decide on investigation by commission, it will have, it is believed, the assistance of the Ontario Research Foundation. At the present time the foundation is understood to be making further investigation into the value of radium are from Haliburton township.

One of the most effective vermin-fuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

It may be making metaphors, but the man who puts his shoulder to the wheel seldom has to put his nose to the grindstone.

Protect the child from the ravages of worms by using Mother Graves' Worm Expeller. It is a standard remedy, and years of use have enhanced its reputation.

More than 21,000 cafes serving foreign foods have been opened in Japan.

Harsh, Gripping Purgatives Are Dangerous!

ENO'S
"FRUIT SALT"

Cheap, harsh laxatives may prove very costly. Painful rectal troubles are often aggravated by the unnatural gripping condition such cathartics cause.

ENO is pleasant, gentle, safe and sure.

A daily dash of ENO'S "Fruit Salt" in a glass of water, morning or night, tones up and sweetens the entire system. Acid stomach, fatigue, indigestion, quickly disappear.

To Test Hudson Bay Route

Would American Initial Grains Movement To Not Less Than 1,000,000 Bushels

Asking that Federal Government through Hon. Dr. R. J. Macdonald, Minister of Railways and Canals, give due consideration to the advisability of increasing the initial grain movement to not less than 1,000,000 bushels in order to adequately demonstrate the Hudson Bay route as a "valuable and necessary trade outlet for export farm products," the Saskatchewan traffic council unanimously passed a resolution to that effect.

For Cataracts.—It is one of the chief recommendations of Dr. Thomas' Electric Oil that it can be used internally with as much success as it can outwardly. Sufferers from cataracts will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

The man with a private grievance usually becomes a public nuisance.

Four-fifths of the automobiles owned in Brazil were bought on time.

Soviet Plan a Failure

Engineer Says Five-Year Plan Has Radically Collapsed

Philip Harty and Mrs. Harty, of Newark, N.J., stepped down the gang-plank of the liner New York and heaved hearty sighs of relief. They were back where shoes cost less than \$60 a pair, and butter not quite \$6 a pound. They had come back from Russia.

Harty, mechanical engineer, who went to Russia last August to investigate rolling mills in Siberia, had much to say, and little of it was complimentary to the Soviet or the so-called five-year plan of social and industrial rehabilitation.

"The five-year plan is not collapsing," Harty remarked. "It has collapsed. The people are in rags. There is depression everywhere."

The Family Doctor

The family doctor is coming back, says a physician who has been making a national survey of the medical situation. He has been ignored lately in favor of specialists on one hand and self-doctors on the other. — Brockton, Mass., Times.

Smothering and Fainting Spells

Everything Would Turn Black

Mrs. Andrew Mack, Marton, N.B., writes: "I had been troubled with smothering and fainting spells and everything in front of me would turn black, and I would fall down in a faint and be unconscious for several minutes. I did not know what to do, until one day I was reading where Milburn's Heart and Nerve Pills had helped so many people and decided I would give them a trial. I used four boxes and found they help me wonderfully."

Price 50c a box

Sold at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

HUNTER-MARTIN & CO., REGINA, SASK.

The value of a more intimate knowledge of the habits and movements of the Migratory Birds of this continent in the advancement of conservation and protection is widely realized. In Canada, the United States, and Mexico wild life conservationists are co-operating in a study of the Kestrel of migrational flight of the different species as they pass northward to Canada for the usual breeding season and again southward to the winter feeding grounds. Of all the birds protected under the terms of the Migratory Birds Convention between Canada and the United States, ducks and geese are probably the best known. Both sportsmen and wild life lovers are intensely interested in the propagation of these species, the former for the sport they provide and the latter for the opportunities for observation and photography.

The waterfowl supply is not only of interest to Canada, but also to our neighbors in the United States and Mexico. It is estimated that between seventy-five and eighty per cent of the ducks and geese of North America are raised north of the Canada-United States boundary. A very large share of the continent's duck supply is hatched in Manitoba, Saskatchewan, and Alberta. During the last few decades great changes have taken place in the southern parts of these provinces where the most important of the duck raising grounds are found. Settlement and agricultural development have curtailed the breeding areas, and when dry conditions prevail, shrinking the shallow lakes and marshes, the effect on the duck supply of the continent is marked.

The opinion has been frequently expressed that if the ducks were driven from their native breeding ground by the necessary invasion of agriculture they would just retreat to some northern fastness to breed. A study of the known breeding ranges of most of the species of ducks of Canada which are of interest to the sportsman, shows that most of northern Canada is outside of the breeding range for these species, and it would be exceedingly unlikely for prairie nesting species to nest elsewhere. That large part of Canada which is covered by the pre-Cambrian shield is not essentially a duck breeding area. However, investigations are under way to find exactly how important this vast section of Canada may be in the production of ducks and whether its usefulness in this connection can be increased.

The geese are more essentially northern breeders than are the ducks and that may be why races of Canada geese as well as other species of geese have maintained their numbers so well, even in the face of very persistent poaching and hunting in the more southern parts of the continent.

In an effort to add to the store of knowledge concerning ducks and other waterfowl throughout Canada, the Department of the Interior has initiated the voluntary co-operation of several hundred waterfowl observers. Each of these observers reports upon the status of waterfowl in his area during four periods of the year and tells in general terms whether ducks or geese were plentiful, fairly common or scarce. He is further invited to comment on changes which have occurred in the abundance of waterfowl over periods of years and to state the cause for any change if possible.

"Yes, I am a tolerant man, and anybody who dares to hit me will get a black eye."—Mark Twain.

W. H. U. 1010

**Although Tied To Government, They
Are Not Government**

There are two main types of data: **quantitative** and **qualitative**.

They left us that the city is no longer a safe place for a horse. He does not now, as he did 20 years ago, stand on his hind legs, most of the time, to see the air at sight of no policeman, nevertheless those conditions that go along with no visible supply of logs keep him in a constant state of bewilderment, apprehension and bewilderment. He stands precisely as a woman does who has no card-rooms and yet tries to learn contract bridge. It is all imposed on him. He can do it in a stagger on and suffer. So you would think that the effort to keep horses in the cities would be abandoned. But it seems that there are occupations in which the horse manages even now to hold his own against his rival, the gas engine. The milkman, the hansom driver, the huckster, the junkman, all of whom make house-to-house stops and use horse-drawn vehicle conveyances and animals.

A millman's horse, once he has learned his route and knows his master's voice, moves on or stops at a word, or a whistle from the curb while the reins he slack over the dashboard of the wagon. The automobile has yet to be invented that will head a horse at that.

According to the latest official figures the total production of leather footwear in Canada for the eleven months ended November 30 last year was 18,933,100 pairs, or an average per month of 1,658,464 pairs.

No. 187 — Outstandingly Smart. This style is designed in sizes 34, 36, 38, 42, 44 and 46 inches bust measure. Size 34 requires 3½ yards of 36-inch material with ½ yard of 27-inch contrasting.

No. 120—Vestibled Trade Waist. This style is designed to show 14, 16, 18, 20 years, 24, 26 and 28 inches bust measure. Size 14 required 2½ yards of 36-inch material for blouse with 1 yard of 36-inch material for skirt and waist and 1½ yards of 36-inch fabric.

No. 334—Sweet Jacket Suit. This style is designed to dress 10, 12, 14 years, 16, 18, 40 and 42 inches bust measure. Size 34 requires 3½ yards of 36-inch material for dress with 3½ yards of 36-inch material for coat and 1½ yards of lining.

No. 226—Pay School Bags. This style is designed in sizes 8, 10, 12 and 14 years. Size 8 requires 2 yards of 28-inch material with $\frac{1}{2}$ yard of 28-inch contrasting.

No. 179—For the Toddler. This style is designed in sizes 1, 2, 4 and 6 years. Size 4 requires 2½ yards of

24-hour material with 50 percent of 20-hour construction.

Spring, the season of prettiest styles, will soon be here. Prepare now by ordering a copy of our new Fashion Magazine. Attractive styles for women, misses and children. And instructive lessons in sewing.

Send \$5 cents (in stamps or coin) to Fashion Bureau. Write carefully and plainly your name and full address, the number of the pattern and the size you want.

During the planting season of 1939 there were sent out from the Forest tree nurseries of the Forest Service of the Department of the Interior and planted on farms in the Prairie Provinces more than 6,000,000 little trees—seedlings and cuttings—bringing the grand total of trees so supplied and planted since this work was begun by the Department in 1901 to over 115,000,000. Figures so large as this require to be analyzed before their significance can be realized. To enable them to be more easily visualized it may be stated that this planting stock has been sent out to over 100,000 applicants and a careful review of the returns of the Forest Service inspectors shows that in spite of all opposing causes—fire, flood, insects, and neglect—80 per cent. of all the plantations set out on the Canadian prairies under this plan in the last thirty years are now flourishing and vigorous. These thriving plantations cover 22,600 acres or 50 square miles. The area covered might be pictured as a strip of forest a mile wide stretching from the western limits of Winnipeg to the eastern outskirts of Portage la Prairie. Such a strip would be small in the vastness of the prairie, but a comparison like this would not be fair because the plantations are strategically placed for the purposes intended in the very best positions. A comparison of the total area covered with the total number of plantings shows that the average plantation is 1,200 square yards or nearly half an acre in extent.

There is another point that may not be forgotten. The plantations recorded are only those for which the planting material was sent out from the Forest Nursery Stations at Indore, Haidar or Bithur, and once a plantation is established it becomes a source whence seeds and cuttings are drawn to start plantings on other farms in the neighborhood. Thus it has been found that the work goes on with increased pace with each new windbreak set out. The mainimpetus of the tree-planting movement is to increase the production of the home-stead and the comfort of the dweller in the farm house. That production of grain crops is increased has been amply proved and the windbreak about the farm house and barnyard add to the comfort of the family and to the protection of the live stock.

Of late years there has been marked tendency toward the diversification of the products of prairie farms. Dairying, the raising of poultry, and hockeeping have made important gains and these and other new lines of activity have been included in the time-allocation movement.

The establishing of gardens—a direct result of the introduction of metal belts—with the consequent production of tender vegetables and bush and tree fruits, has resulted not as much in adding to the variety of commodities the farmer has to sell as in increasing the number of things he has for his own use. The strawberries, raspberries, tomatoes, melons, plums and apples now grown by many peacetime farmers in their tree-shedded gardens, are not largely sold, but they increase the dietary and income

(the health and pleasure of the food eaters). An analysis of the reports of the inspectors showed that on 7,600 farms visited during the year 3,800 had well kept gardens, 3,700 had plots of small fruits, and 2,000 carried orchards containing fruit bearing trees. A peck of apples was in years gone by won. "Grow something, five acres of wheat and very few vegetables and fruit," but the reports of recent years show that the farmers are realizing that it pays better to grow these things in the home garden.

All the benefits of power, by planting out out there are material and have a cash value. There is another side—that of sentiment—while though it cannot be reduced to dollars and cents, is very powerful. The automobile is now a very intense means of travel and it begins to think that sentiment does not mix with our science will keep his eyes on a smaller trip through a part of Canada, he will soon see

the dignified and appropriate names which our Foreman gives these buildings that they regard their places not as factories but as homes. And the two subjects with which the names more frequently deal are trees and vines.—Maple Lodge, Cedar Grove, Elm-ville, Oak Knoll, Sunset View, Fairview, Study Lane, Poplar Point. Everyone will recognize these as typical farm appellations and the recurrence of them and similar names can only mean that the farmer is greatly affected by his surroundings and that his attachment to particular is increased by having trees about his home. These benefits, material and of sentiment, are doubtless the reason why for thirty years, in great numbers and had means, the tree-planting movement has continuously spread. Applications to receive trees for planting in 1922 are now being received by the Superintendent, Forest Nursery Station of the Department of the Interior at Indian Head, Saskatchewan, and those interested will receive full information as to the plan on application.

WHO Take Part In World Credit Show and Conference

Official announcement has been made from the headquarters office of the World's Grain Exhibition and Conference, Regina, of the official acceptance of the invitation to participate in this world-wide event of 1964 by the minister of agriculture of Lithuania on behalf of the government of that country.

Wihlak Pili, chief of the pheasant breeding station at Jyväskylä, Finland, has been appointed by the ministry of agriculture as the representative of Finland in charge of the exhibit which that country will prepare in the exhibition and conference.

The Heligian Republic is situated on the eastern shore of the Baltic Sea, north of the Gulf of Finland. The total area of the country is about 18,000 square miles and the population was recently stated to be 1,116,000 people.

With the acceptance of Helsinki and the invitation to take part in the 1988 Grain Exhibition and Conference in Regina, 14 countries have now definitely stated their intention to take part, namely: Italy, Peru, Japan, Korea, Guatemala, New Zealand, Czechoslovakia, the Netherlands, Belgium, Poland, Spain, India, Portugal, Switzerland and Canada.

Significantly Fewer Than Last Year

Shipments of grain from the port of Vancouver during the present crop year, which began on August 1, 1930 are nearly double those for the corresponding period in the 1929-30 crop year. From August 1 to January 1, 1931, total shipments amounted 36,120,561 bushels, an increase of 16,120,561 bushels over the first five months of a half century in the previous year. Of the total shipments of grain in the crop year under review 24,730,561 bushels were wheat.

Vancouver has in recent years become an important grain-shipping port. Much of the grain from Alberta is shipped to the British Isles or European ports via Vancouver and the Panama Canal.

The Liberty Bell was first cast in London, England, in 1784.

Count of wedding. "The bridegroom put this value in his mind when the little was born—and every body can recognize that it is very old."—*Stockholm, Dec.*

4 Years without HEADACHE

How do you deal with headaches? Do you just take something to deaden the pain without getting rid of the trouble which causes the pain? Thousands do, despite the medical profession's warning cry of "DON'T!" Such makeshift methods simply suppress the symptoms of headaches. They merely numb the nerves and leave the underlying cause to look after itself. And it only obtains a flimsy grip. Headaches can generally be traced to a disordered stomach and to the unexpended retention in the system of stagnating waste material which poisons the blood. Remove these poisons—prevent them forming again—and you'll never have to worry any more. And that is just how Krusen's Salts bring swift and lasting relief from headaches. Krusen's is an aid Nature to cleanse your body completely of all clogging waste matter.

"For many years I suffered from severe headaches almost daily. I started taking the small dose (of Krusen's) a matter of four years ago, and I can honestly say I have never had a headache since."—Mrs. M. W.

FREE TRIAL OFFER

If you have never tried Krusen's—try it now at our expense. We have distributed a great many special "GIANT" packages which make it easy for you to secure our claim for refund. Ask your druggist for the new "GIANT" package.

This consists of one regular 25c bottle together with a separate trial bottle—valued at about one week. Open the trial bottle first, put it to the test, and then, if not entirely convinced that Krusen's does everything as claimed to do, the regular bottle is still as good as new. Take it back. Your druggist is authorized to return your 25c bottle immediately and without question. You have tried Krusen's free at our expense. What could be better? Manufactured by E. C. Krusen, Inc., 1140, 1142, 1144, 1146, 1148, 1150, 1152, 1154, 1156, 1158, 1160, 1162, 1164, 1166, 1168, 1170, 1172, 1174, 1176, 1178, 1180, 1182, 1184, 1186, 1188, 1190, 1192, 1194, 1196, 1198, 1200, 4238, 4240, 4242, 4244, 4246, 4248, 4250, 4252, 4254, 4256, 4258, 4260, 4262, 4264, 4266, 4268, 4270, 4272, 4274, 4276, 4278, 4280, 4282, 4284, 4286, 4288, 4290, 4292, 4294, 4296, 4298, 4300, 4302, 4304, 4306, 4308, 4310, 4312, 4314, 4316, 4318, 4320, 4322, 4324, 4326, 4328, 4330, 4332, 4334, 4336, 4338, 4340, 4342, 4344, 4346, 4348, 4350, 4352, 4354, 4356, 4358, 4360, 4362, 4364, 4366, 4368, 4370, 4372, 4374, 4376, 4378, 4380, 4382, 4384, 4386, 4388, 4390, 4392, 4394, 4396, 4398, 4400, 4402, 4404, 4406, 4408, 4410, 4412, 4414, 4416, 4418, 4420, 4422, 4424, 4426, 4428, 4430, 4432, 4434, 4436, 4438, 4440, 4442, 4444, 4446, 4448, 4450, 4452, 4454, 4456, 4458, 4460, 4462, 4464, 4466, 4468, 4470, 4472, 4474, 4476, 4478, 4480, 4482, 4484, 4486, 4488, 4490, 4492, 4494, 4496, 4498, 4500, 4502, 4504, 4506, 4508, 4510, 4512, 4514, 4516, 4518, 4520, 4522, 4524, 4526, 4528, 4530, 4532, 4534, 4536, 4538, 4540, 4542, 4544, 4546, 4548, 4550, 4552, 4554, 4556, 4558, 4560, 4562, 4564, 4566, 4568, 4570, 4572, 4574, 4576, 4578, 4580, 4582, 4584, 4586, 4588, 4590, 4592, 4594, 4596, 4598, 4600, 4602, 4604, 4606, 4608, 4610, 4612, 4614, 4616, 4618, 4620, 4622, 4624, 4626, 4628, 4630, 4632, 4634, 4636, 4638, 4640, 4642, 4644, 4646, 4648, 4650, 4652, 4654, 4656, 4658, 4660, 4662, 4664, 4666, 4668, 4670, 4672, 4674, 4676, 4678, 4680, 4682, 4684, 4686, 4688, 4690, 4692, 4694, 4696, 4698, 4700, 4702, 4704, 4706, 4708, 4710, 4712, 4714, 4716, 4718, 4720, 4722, 4724, 4726, 4728, 4730, 4732, 4734, 4736, 4738, 4740, 4742, 4744, 4746, 4748, 4750, 4752, 4754, 4756, 4758, 4760, 4762, 4764, 4766, 4768, 4770, 4772, 4774, 4776, 4778, 4780, 4782, 4784, 4786, 4788, 4790, 4792, 4794, 4796, 4798, 4800, 4802, 4804, 4806, 4808, 4810, 4812, 4814, 4816, 4818, 4820, 4822, 4824, 4826, 4828, 4830, 4832, 4834, 4836, 4838, 4840, 4842, 4844, 4846, 4848, 4850, 4852, 4854, 4856, 4858, 4860, 4862, 4864, 4866, 4868, 4870, 4872, 4874, 4876, 4878, 4880, 4882, 4884, 4886, 4888, 4890, 4892, 4894, 4896, 4898, 4900, 4902, 4904, 4906, 4908, 4910, 4912, 4914, 4916, 4918, 4920, 4922, 4924, 4926, 4928, 4930, 4932, 4934, 4936, 4938, 4940, 4942, 4944, 4946, 4948, 4950, 4952, 4954, 4956, 4958, 4960, 4962, 4964, 4966, 4968, 4970, 4972, 4974, 4976, 4978, 4980, 4982, 4984, 4986, 4988, 4990, 4992, 4994, 4996, 4998, 5000, 5002, 5004, 5006, 5008, 5010, 5012, 5014, 5016, 5018, 5020, 5022, 5024, 5026, 5028, 5030, 5032, 5034, 5036, 5038, 5040, 5042, 5044, 5046, 5048,

PRAIRIE ISSUES TO LOOM LARGE IN PARLIAMENT

Ottawa, Ont.—Questions affecting the grain-growing districts of western Canada will loom large in the coming session of parliament which opens March 12. Western members are beginning to arrive in Ottawa. They prophesy a very spirited debate and that prairie members will take a conspicuous part in it. They see no probability of the debate on the address in reply to the speech from the Throne being wound up in a day, as has been the practice in recent sessions.

Behind the arguments for emergency relief, such as criticism of the credit policies of the banks in relation to the needs of western Canada, special freight rates, in view of the low price of wheat, and suggestions for bonuses on wheat, is the fundamental question of how to carry on in the future, in the opinion of the westerners. Can Canada successfully raise wheat in competition with the Russian five-year plan of big publicly managed farms?

"I see no reason why Russia will not be able to carry out its five-year project," said Hon. W. R. Motherwell, former minister of agriculture, one of the early arrivals. "The Russian people are deeply in earnest about this and are willing to wear their haircuts bare to see it through. I can see an silver lining in the cloud. Whether the efficiency they are showing in their five-year wheat growing plan can be kept up indefinitely is doubtful. I have had some pretty direct information from Russia, however, and I am convinced they will put through the five-year plan."

"We have come out of every other depression and so doubt we will come out of this one," Mr. Motherwell added, but he could not see just how. "Of course it is up to the government," he declared. "The people of Canada called in a new doctor last July."

Many westerners have expressed the opinion that if Canada is successfully to compete with Russia in wheat growing, it will have to be by big farms, privately owned. H. K. Spencer, United Farmers of Alberta member for Battle River, who was in Ottawa this week, expressed the view that the day of the small farmer in the West would soon be over. He forecast an active session, with the U.F.A. group leading a vigorous attack on the government. He emphasized that large sections of the west were not suitable for livestock.

Mr. Motherwell, on the other hand, thought the small farmer would stand a good show in the future. "Large farms have not been a great success as a rule in the West," he said. "The alternative plan of a number of farmers co-operating in the ownership of combines and their expensive farm machinery has never been a success. Friction always develops. In fact you cannot standardize the size of farms any more than you can standardize the capacity of men to manage them. Some men have only the capacity to manage small farms and some make a success of 50,000-bushel farms."

"The West will have to go on raising wheat and take its chances," Mr. Motherwell continued. "You cannot close up a farm like a theatre. Some way will have to be found. This should be an interesting session of parliament."

Questions Traffic Law

Montreal, Quebec.—When a prominent lawyer drives past a "stop" sign and is halted into court, he may make unexpected moves. J. A. E. Dion, K.C., commented, challenged the city's right to enforce the by-law, saying it was authorized neither by city charter nor provincial motor vehicle act. He applied for a writ of certiorari and in Superior Court will seek to prove the by-law null, illegal and ultra-vires.

Federal Radio Rights

Rights Of Dominion and Province To Be Subject To Supreme Court

Ottawa, Ont.—The respective rights of the Dominion and the provinces on radio broadcasting will be the subject of a reference to the Supreme Court of Canada. It was officially stated recently. Preparation of the questions to be contained in the reference is under way.

No decision has been made by the Dominion Government as to whether or not it will be represented at the hearings being initiated in the Quebec courts by the Taschereau government on radio broadcasting. It is quite possible that the Dominion will not be represented at the proceedings started by the Quebec government, but will proceed to bring its own reference before the courts.

From all indications the matter of introducing legislation at the coming session of parliament will be dependent on the date on which the proposed Dominion reference is argued before the courts and a decision has been rendered. The probability, however, at the moment is that the judgment of the court may not be secured in time to bring down legislation next session.

The whole subject of radio broadcasting, involving the question of nationalization, has been under government consideration. Premier Taschereau of Quebec, though, raised the question of Dominion control within that province; and early this month the Quebec premier announced that his government was submitting a series of questions to the superior court of Quebec. The controversy over Dominion and provincial control has recently been the subject of public utterances by Mr. Taschereau and members of the Dominion government.

Grain Growing Countries May Hold Conference

Might Be Advantaged Says Retiring Chairman Of U.S. Farm Loans Board

Ottawa, Ontario.—Representations have been made to the Dominion Government, it was stated here, that a conference be held in which Russia, Australia, Argentina and Canada would participate to discuss the wheat situation. It is understood that so far the government does not take kindly to such a conference.

Despatches from Washington quote Alexander Legge, retiring chairman of the United States Farm Loan Board, as stating a conference of wheat producing countries might be advantageous. It might discuss on Russia's part a readiness to agree to more orderly marketing that would give better prices to all producing countries.

The Russian Fly

Calgary, Alberta.—Calgary claims the undisputed title of the sunniest city of Canada, as a result of the monthly report of the Dominion meteorological service for January. During that month this city enjoyed 128 hours of sunshine. The nearest rivals to this was St. John with a total of 121 hours. Fredericton was third with 120 hours, while a few cities, particularly in the prairie provinces and Quebec, averaged between 110 and 115 hours.

Higher Duty On Rum

Ottawa, Ont.—Exercising power delegated to him at the last session of Parliament, Hon. E. B. Rythman, Minister of National Revenue, has set a value of three and a half cents a pound for duty purposes on dried leaves. This would not apply to imports under the British preference, the departmental order specifying that it had to do only with the intermediate and general tariff.

No Surrender Movement

Toronto, Ont.—"There is no surrender movement in Western Canada," said F. W. Turnbull, M.P., Regina, in the course of an interview here. What you hear about is merely the agitation of a very small few, solely individuals anxious to attract attention to themselves and succeeded in attracting that attention everywhere but where they are. The West pays no real attention to them."

FOR DESTRUCTION OF WAR DEBTS

Sir Thomas White, former finance minister of Canada, who proposes a convention of all interested nations and a renunciation or revision of all war debts.

Duty Is Remitted

Old Clothing From England For Saskatchewan Farmers Shipped Duty Free

Ottawa, Ont.—Northern Saskatchewan farmers have applied to relatives in the Old Country for old clothing. The appeal having been heard the customs officials in Canada, however, have been holding up the shipments for payment of duty of 35 per cent. In some cases the officials made the duty higher than the value of the clothing in London.

A farmer at Glascoed, north of Lloydminster, has appealed to Ottawa, claiming the farmers were penniless and too poor just now to pay even the duty on secondhand clothing. It has been ascertained that there is a clause in the Customs Act providing for the remission of duties on secondhand clothing when an affidavit is made that the recipients were not in a position to pay. Customs officials at Lloydminster, where the clothing has been held up, have been notified of the regulation and ordered to deliver the clothing on receipt of the affidavits.

Asking Amendments To Criminal Code

Several Changes Requested By Chief Constable's Association

Winnipeg, Manitoba.—Numerous changes, additions and amendments to the Criminal Code of Canada were asked when the legislative committee of the Chief Constable's Association met the minister of justice and other law enforcement officials at Ottawa.

Chief of Police Chris. H. Newton, of Winnipeg, who is secretary of the association, attended.

The legislative committee urged the use of telegraphic warrants, amendments to the Vagrancy Act, and discussed deportation of undesirable and problems of handling unlawful gatherings.

New Ministry For Spain

New Cabinet Reported To Be Ready To Leave For Madrid

Madrid, Spain.—Spain now has a new government, possibly formed, and is looking forward to at least a period of calm after the political turmoil of the last few days.

Admiral Juan Bautista Aznar, staunch Royalist and political neutral, heads the ministry formed by King Alfonso in a successful effort to head off another military dictatorship like that of Miguel Primo de Rivera.

The King called for no participation on the part of Left, socialist and Republican elements, and their attitude remained problematic. The public generally, however, seemed to be waiting quietly until the program and policies of the new government could be formulated and put into effect.

The cabinet that replaces that of Damazo Berenguer, which resigned because of widespread opposition to Premier Berenguer's plans for parliamentary elections in March, includes Berenguer himself, and the Count of Romanones and the Marquis of Alarcón, the men most responsible for his overthrow.

It is formed of Right Monarchists with Liberal, Conservative and Catholic Independent party representation and according to its chief the heart of its program will be the restoration of legal and political stability.

To Open Parliament

Justice Dept. Will Submit Bill On Unemployment Relief

Ottawa, Ont.—Parliament will be opened on March 12 by Mr. Justice Duff, of the Supreme Court of Canada. The ceremony will be performed, it is officially stated, by Mr. Justice Duff in his capacity as administrator.

Canada's new governor-general, the Earl of Bessborough, will not arrive in Canada until April 2 or 3. Chief Justice Anglin, who is now in the West Indies, will not return to this country until April 25. The chief justice will join the official party to the Buenos Aires exhibition when they reach Trinidad on March 2 to proceed to Buenos Aires.

Aid For Unemployed

More Than \$15,000,000 Has Been Spent In Ontario

Toronto, Ont.—More than \$15,000,000 has been spent in the province of Ontario in providing employment and relief since the Dominion Unemployment Relief Act came into force, and 45,000 men were given employment up to the end of January, Premier George H. Henry told the legislature in moving second reading of his Unemployment Relief bill.

At a brief sitting the House approved the bill, which authorizes the expenditure of \$4,000,000 by the province on unemployment relief and validates certain expenditures floated by municipalities to finance their share of the relief programs.

RELIEF PAYMENTS TO PENSIONERS WILL CONTINUE

Ottawa, Ont.—Relief payments to pensioners will be continued by the Dominion Government at the same rate as heretofore. Official announcement to this effect by Premier R. B. Bennett will be received with widespread approval by pensioners affected throughout the Dominion.

"Payments already made for relief purposes to pensioners had exhausted the appropriation by parliament," the prime minister declared, "and, in addition, a substantial sum accrued through governor-general's warrants. The law provides that governor-general's warrants can only be issued in cases of urgent necessity."

"The minister of pensions and national health has been investigating the situation and, being now satisfied of the great urgency of the case, an additional warrant has been issued by the administration and relief payments to pensioners will be continued at the same rate as heretofore. There was no desire, much less intention to cause hardship to those who had been receiving relief."

Schedule of monthly allowances for unemployed pensioners, which Premier Bennett announced will be continued, is as follows: Single men, \$20; married men with no children, \$25; married men with one child, \$27; married men with two or more children \$27.

Maximum of pension payable for unemployed pensioners has been \$27 monthly. From this amount is deducted the pension the man was receiving and the difference is paid in the form of a voucher to be used in the purchase of the necessities of life.

Questions Cost Money

Many Questions Regarding Russia Come Up In British Parliament

London, England.—Out of 1,000 questions addressed to me about 1 look office, 544 or approximately one-third, have related to Soviet Russia," said Mr. Arthur Henderson, secretary for foreign affairs, in reply to a question from Miss Ellen Wilkinson, Labor, East Manchester, in parliament.

The foreign secretary said he was unable to give any estimate of the cost of ascertaining the information that had been given, but the cost of issuing their official statements on Soviet legislation, religion, and labor was about \$700.

Miss Wilkinson quoted the estimate of a member of the previous Conservative government, that average cost of ascertaining a reply to an official question was \$16, and suggested the opposition might make a move in the direction of national economy in this respect.

School Act Amendment

Use Of French Language For First Year In Saskatchewan Public Schools To Be Abolished

Winnipeg, Sask.—A School Act amendment which will abolish the use of the French language in public schools will be brought down before the present session of the legislature, Premier Anderson announced before the Saskatchewan School Trustees' convention.

It had been the practice, he said, as minister of education, to allow a French child in the province of Saskatchewan to receive instruction in the schools during the first year in French, and this meant that at the end of 12 months a child might know no English. This innovation is planned, he said, not because he did not respect the French or their culture, but because the system as at present was not pedagogically sound.

Train Wreck In China

Beihow, China.—Thirty were killed and 72 injured in a train wreck near Beihow, 160 miles north of here on the Peking-Hankow Railway. Scores of heavy animals, which crippled wire and rail connections, the report reached here February 25.

SEES NEW WORLD'S RECORD

Capt. Malcolm Campbell, British speed driver, who set up a new world's speed record on land of 248 miles an hour.

New Models Now on Streets

The suspense is over! There is no longer any mystery in connection with the new 1931 models of the various makes of motor cars. They are on the streets now. Everywhere you can see them, and what a pleasing sight they are, with their many features of new styling. Wire wheels seem to be more popular than ever and are apparently becoming standard equipment on most models. And the cars are larger, roomier, with many of the smaller makes offering interior appointments which were formerly seen only in the larger autos. Black and dark blue, with dignified trimming

Save a Minute Save a Life

You and a lot of other people are alive just now, but many of those in a state of life now will be dead before the end of the year—dead because of carelessness; and many more will be injured and permanently crippled for the same reason. You may be included in this auto accident toll, the of course you think you are an exception; and you may be responsible for a death or an injury. You will be unless you are careful all ways.

lines and light colored wire wheels are the characteristic color combinations seen on most of the modish new models.

FEBRUARY—
26—Radio Social, St. Matthew School.
27—Dance, Muir Lake Hall.
27—Mineral Show at the Mason Hall.
28—Election for Councilmen, Ings Municipality.
MARCH—
1—Whist Drive, Garden Valley

Stony Plain and District

Mr J. A. Harris was a visitor in Stony Plain on Saturday last. "Jack" expects to move out to his summer resort next week, and is planning a dance at the Edmonton Beach Pavilion for Easter Monday, April 6th.

Arrangements have almost been completed to open the local hockey rink.

To cover a slight deficit from last season's operations in the Basketball League, a series of whist drives were arranged by representatives of three of the teams in the League. Walker League team held its drive the fore part of the week at the home of Mr. Enders. Garden Valley team will hold theirs next. Prizes to be awarded for the best scores at the end of the tournament.

It's been so long a time that Stony Plainers have had an opportunity of enjoying a good minstrel show that those who prefer this form of amusement will be glad to learn that a treat awaits them on the evening of Feb. 27, when a troupe of performers from Across the River are billed to appear at Moose Hall. See posters.

Dance, Muir Lake hall, Fri. Feb. 27. Swedish orchestra.

Watch for the date—April 10, when the Walker League play comes.

Bright Bank Briefs

Our U. F. A. Local intend holding a whist drive on a nearhand date.

Mr. Carl Clausen shipped two truck loads of hops to Edmonton a few days ago, all going become and select.

Quite a number of Bright Bankers attended the debate at Hensons on "Why Canadian raw material should be manufactured into the finished article in Canada." Nearly all hearers came to the conclusion that the real cause of unemployment is the modern machinery and overproduction.

After spending a successful season at fishing, Mr. Wertz has moved back to Stony.

Duffield Delays

Councillor Francis's friends were well gratified on the fact that he was the only Councillor of Ings M. D. who was unanimously re-elected at the nomination meeting in Stony on Saturday.

Special attention is being given to the opening up of the 7-mile stretch of road from Ings's boundary to Lac Ste. Anne. This matter was up for discussion last week in the Legislature.

At a Hard Time dance held at Smithfield Schoolhouse on Friday evening prizes were won by: Ladies' 1st, Mrs. R. Brebner; gent's 1st, Mr. Ross; Consolation, Miss Jean Best, Mr. D. Schaefer.

Spruce Grove's Ratepayers' Meeting

"The most interesting" meeting of Spruce Grove M. D.'s ratepayers ever held, was the unanimous opinion of those present at the nomination meeting last week at Spruce Grove. Reuben T. Wadell called the meeting to order, and appointed Mr. W. K. Reimow as chairman when nominations for councillors were called for.

Every ratepayer in the municipality seemed to be on the job, and had something to say. A great number of two-minute speeches were made, on the subject of "The White Elephant."

Among the resolutions that passed was one advising a reduction of 33 per cent in the wages, salaries or stipends of all employees of the municipality.

No. 6 division being one of those in which a nomination for councillor was called for, a number of inquiries were made by ratepayers residing therein, and these all were answered in a straightforward and satisfactory manner by Councillor McLaughlin. The latter gentleman was re-nominated as a councillor. Others nominated were Messrs. Dan Bent and Joe Bent; the latter retiring.

A Letter from a Grover

A letter in Saturday's Edmonton Bulletin, signed "H. L. Loeblisch, Spruce Grove," says in part: "I also find that we have a greater endurance record for 'counsellors' travelling mileage. Our financial statement shows a councillor traveled 844 miles in 15 days, at 100 per mile. This is not only further than the distance from Edmonton to Vancouver, but further than from Edmonton to Luis Island, 24 miles beyond."

Spruce Grove News

At a meeting of the Households' Protective association a resolution passed unanimously that curling rinks be kept closed in the mornings until after the breakfast dishes have been laundered.

The Grove's Municipal politician's were up at the Ings M. D. meeting in Stony Plain last Saturday, in full force.

Here and There

L. G. Hartley, senior dairy producer, 1st, Western Canada, prize that Manitoba's creamery dairy production in 1930 showed an increase of \$1.4 per cent over 1929.

About 17,000,000 pounds of fish are caught annually in the lake and small lakes of the province. J. Bechtelheim and approximately 1,100 men are employed in the industry.

Aggregate value of field crops grown in Canada in 1930 is officially estimated at \$22,552,000 and total area sown in crops was 27,594,075 acres, an increase over 1929 of about 1,000,000 acres.

In a final estimate of the wheat production of Canada in 1930, the Canadian Government Bureau of Statistics places the total yield at 207,272,000 bushels, an increase of over 2,000,000 bushels compared with the previous estimate.

From end of September 1930 to January 15, 1931, over 25,000,000 pounds of sugar was produced at the beet sugar factory at Raymond, Alberta. The industry has grown to substantial proportions in that province of late years.

From Winnipeg a radio has written:—"Melody Mike" is talked around the offices and warehouses in Winnipeg as though he were a real Canadian Pacific official. The reference is to the Canadian Pacific radio offering on Monday nights across the Dominion.

Vancouver will have a team of five golfing colts on the fairways of the Oak Bay course where the third annual mid-winter Empire golf tournament for the E. W. Beatty trophy will be staged February 26-28. Entries are in from Victoria, Seattle, Portland, Tacoma and other of the prairie provinces.

Grain marketed along the western line of the Canadian Pacific Railway from August 1 to January 31 amounted to 105,792,000 bushels of which 104,000,000 bushels were wheat. The total marketings of grain along Canadian Pacific lines represent 34 per cent of the total grain marketed in western Canada in that date.

Canada now has more than forty bird sanctuaries specially reserved for bird protection purposes. These are scattered across the country from Nova Scotia to British Columbia. Some of the provincial governments also maintain similar reserves for the benefit of our bird life. A census of our bird sanctuaries, not including young birds hatched in 1930, was 200,000 of 15 different species.

Over 97 per cent of the assets of the Canadian Pacific Railway are in Canada, and in drawing attention to this fact some months ago, Mr. E. W. Beatty, Chairman and President of the Company, went on to say that he would be glad to see an increase in the Company's shareholders in this country. Since that time the increase has been most marked, as is shown by the following statement of Canadian Pacific common shares held in Canada over and at the end of the two previous years:—
Dec. 31, 1928..... 53,719
Dec. 31, 1929..... 77,343
Dec. 31, 1930..... 117,719
Increase in 1929 63,624
Increase in 1930 40,375

Re Edmonton Beach Taxes.

To the Editor—Dear Sir: I wish to correct the wrong impression that prevails in Ings Municipality as to the amount of revenue in the way of taxes that is collected from Edmonton Beach by the Municipality. The average tax per lot (land only, not including school tax and improvement tax) is \$7 per lot, and it takes 8 lots to make an acre; so we are taxed \$56 per acre. Now, I doubt if there is one farm of 100 acres in the whole Ings Municipality that pays this amount. No, take the last 10 years at the above rate of \$500 per year. Ings Municipality has received the sum of \$5000 from Edmonton Beach, and I have surveyed little over 8 acres into lots; making a total of 70 lots according to registered plans.

I might add that Edmonton Beach property holders pay their taxes, and in cash. Now, for ten years' space there has absolutely been nothing spent on the Edmonton Beach in the way of road work. It is true that the Government, with the Municipality, did work on the south road from the Beach to Stony Plain; but that was for the benefit of the benefit of the public. I wonder if the voters realize if we are not given some consideration by good roads, etc., that it is possible the Beach will be incorporated into a village, and the Municipality thereby losing this great amount of taxes.

My fellow-taxpayers don't seem to appreciate that I have, at a big expense made right in your district a beautiful summer resort with fine accommodations and fine camp grounds, which I pay high taxes on. A business of this sort cannot be carried on without good roads. There are so many Beaches which are drawing the Edmonton public, where they have gravel roads and the co-operation of the town and country in the vicinity, why not boost your own Beach there by increasing the revenue to Ings Municipality and thus increasing yourself a lower tax rate?

Yours truly,

JACK BARRIE.

Hockey Player Gets an Offer
Sptg. Editor, Stony Plain Sun:

Dear Sir—In looking thru your valued paper we noticed that there is a good star forward wanting a position on a hockey team. We have an opening for such a man on our team, but due to hard times we could not pay a big salary. We have a bottle of wild man's milk, head of hay and a head of cardboard we would be willing to offer for his services and, in addition, will give one roller bearing hockey stick for every goal he scores. Kindly reply by telegram, as we would like to sign up our man. Yours very truly,

R. MITCHELL.

Gravel Pit Swamp, Feb. 18.

Card of Thanks.

Sptg. Ed., Stony Plain Sun:
Dear Sir—I enclose please find 4 bits for the hockey ad in last week's issue, which brought such good results, as we have been engaged for next season by the manager of the St. Michael's Hockey Club at Home's Hotel. Wishing your paper every success, and hoping we get better treatment from the manager of the next club, we remain, yours faithfully,
GOLD DUST TWIN.

Canada's Challenger To Have Canadian Talkies

What remains later in the contest between the Royal William, the floating battle which first pulled across the Atlantic by steam—from Quebec to London in 1887; and Canada's greatest floating palace, the Empress of Britain, now being rushed to completion on the Clydebank, which will number Sound and Talking Pictures among her many attractions. The equipment, which has been specially designed to meet the requirements of a life of Marine Globe trotting, and manufactured in the Montreal plant of the Northern Electric Company, Ltd., is being shipped via S.S. Minnedosa, from Saint John, to Liverpool, where English sound engineers will install it in the Concert Hall. An unique feature of this, Canada's first Marine installation of Sound Pictures is that at whatever port the "Empress" is likely to call in fifty-five countries of the world special sound engineers will be available in case of any emergency accident to the equipment. Passengers will sit at ease in the beautiful Concert Hall on an upper deck while the latest London, Paris, or Broadway hit, or an illustrated lecture on some foreign port, which they are approaching, will entertain them from the silver screen.

Above is an artist's conception of the "Empress" leaving Quebec in the wake of the "William" twenty-four years after. Below the Royal William on the high seas. Left, the Prince of Wales and E. W. Ruddy on their way to launch the great liner last year. Right, one of the Talking Picture equipments being installed on the new vessel.

Winning Canada to Six Cylinders!

FOR more than two years it has been Chevrolet's distinction to build the largest-selling six-cylinder car in Canada, and in the world. Today, Chevrolet offers motorists a bigger and more beautiful car—at prices lower than ever. When you inspect the new Chevrolet Six you will find that it is a motor car... with new bodies by Fisher, a longer wheelbase and deluxe wire wheels. It is a more comfortable car, with roomier interior and wider seats. And it

is a better-performing car... smoother, with ample power, and even easier to handle.

Give the Chevrolet Six a chance to win you! We will be glad to demonstrate. Once you try this bigger and finer Six, we are sure you will never be satisfied with less.

Chevrolet's policy has always been one of service to the public... The C.M.C. plan of deferred payments offers the lowest financing charges available... and the General Motors Dealer Service Policy provides lasting satisfaction.

THE NEW CHEVROLET SIX

Sommerfield & Mayer, Stony Plain

This Week's Poems.

"Times are surely getting better,"
Said the merchant down the street,
"Just today I sold a sweater
And a new fur pebble coat;
People were around looking
Over of things they are donating.
And I guess they all are living
Of the talk that we've accepted."

Schedule of Mails.

From the East—Every midnight except Saturday.
From West—Mon., Wed., Friday mornings.
To the East—Every morning except Sunday.
To West—Sun., Tues. & Friday midnights.
